FOR OFF-HIGHWAY VEHICLES**

ADOPTED BY THE
MAYOR AND CITY COUNCIL
OF THE
CITY OF ROCK FALLS

THIS ___ DAY OF _____, 2022

Published in pamphlet form by authority of the Mayor and City Council of the City of Rock Falls, this ___ day of _____, 2022.

**ORDINANCE AMENDING AND RESTATING
CHAPTER 18, ARTICLE VIII OF THE ROCK FALLS MUNICIPAL CODE
FOR OFF-HIGHWAY VEHICLES**

WHEREAS, Section 11-1426.1 and 11-1426.2 of the Illinois Vehicle Code (625 ILCS 5/1-100 et seq.) provides that a municipality may authorize the operation of low speed and non-highway vehicles on roadways under its jurisdiction if the municipality determines that the public safety will not be jeopardized; and

WHEREAS, before permitting the operation of low speed and non-highway vehicles on its roadways, a municipality must consider the volume, speed, and character of traffic on the roadways and determine whether non-highway vehicles may safely travel on or cross the roadway; and

WHEREAS, the Police Chief of the City of Rock Falls (the “City”) has conducted a study of the volume, speed and character of traffic on the City’s public streets, roadways and alleys and has determined that the allowance of specified low speed and non-highway vehicles on public streets, roadways and alleys and operation of the same will not jeopardize public safety; and

WHEREAS, the Mayor and City Council of the City (collectively, the “Corporate Authorities”) have taken into consideration the volume, speed and character of traffic on the City’s public streets, roadways and alleys and has determined that the allowance of specified low speed and non-highway vehicles on public streets, roadways and alleys does not jeopardize safety; and

WHEREAS, the Corporate Authorities desire to permit the operation of specified low speed and non-highway vehicles on the City’s public streets, roadways and alleys, all upon the terms and conditions as more specifically set forth herein.

NOW, THEREFORE, BE IT ORDAINED, by the Mayor and City Council of the City of Rock Falls, Whiteside County, Illinois, as follows:

SECTION 1: The preambles to this Ordinance are true and correct and are hereby incorporated into this Section 1 by reference as if more specifically set forth herein.

SECTION 2: Chapter 18, Article VIII of the Rock Falls Municipal Code, as amended, is hereby amended and restated in its entirety to read as follows:

“ARTICLE XIII. – OFF-HIGHWAY VEHICLES.

Sec. 18-220. – Operation of low speed vehicles and non-highway vehicles.

- (a) The use of non-highway vehicles on the streets, roadways and alleys of the city shall be permissible subject to the provisions of this article. Non-highway vehicles may not be used on any toll road, interstate highway, controlled access highway or other highway or road under the jurisdiction of the state, except through permitted crossings as set forth in this article.

- (b) The use of low speed vehicles on the streets, roadways and alleys of the city shall be permissible if operated in accordance with the provisions set forth in Section 11-1426.2 of the Illinois Vehicle Code and such other provisions applicable to low speed vehicles as are set forth in this article.
- (c) Signs shall be posted at the point of entry of all roadways and highways entering into the city to read as follows: "USE OF STREETS PROHIBITED BY LOW SPEED AND NON-HIGHWAY VEHICLES WITHOUT CITY PERMIT".
- (d) When authorized by and pursuant to the provisions of this article, low speed and non-highway vehicles may be operated within the city only in compliance with all traffic rules and regulations established by the Illinois Vehicle Code or by city ordinance, and only those vehicles that comply with the equipment requirements of the Illinois Vehicle Code may be operated when otherwise authorized pursuant to this article. Nothing herein shall be interpreted or construed to permit a person who does not possess a valid driver's license to operate a low speed or non-highway vehicle. A valid driver's license means a license issued in the name of the operator by the state or a foreign jurisdiction and in force at the time of operation of the vehicle.

Sec. 18-221. – Definitions.

For purposes of this article, the following terms and phrases shall have the meanings set forth in this section:

Low speed vehicle shall mean any 4-wheeled vehicle with a maximum speed greater than twenty (20) miles per hour but not greater than twenty-five (25) miles per hour that conforms with the federal motor vehicle safety standards set forth in 49 C.F.R. Part 571.500.

 - viii. a tail lamp that emits a red light visible from at least one hundred (100') feet from the rear;
 - ix. brake lights; and
 - x. turn signals.
- (f) When operated on a roadway, a non-highway vehicle shall have its headlight and tail lamps lighted as required by Section 12-201 of the Illinois Vehicle Code.
- (g) A person who drives or is in actual physical control of a low speed or non-highway vehicle on a roadway while under the influence is subject to Sections 11-500 through

11-502 of the Illinois Vehicle Code and all other applicable laws.

- (h) The operation of a low speed or non-highway vehicle upon any street, roadway or alley is subject to the provisions of Chapter 11 of the Illinois Vehicle Code concerning the Rules of the Road and all applicable city ordinances, as the same may be amended from time to time.
- (i) Low speed and non-highway vehicles shall not be operated on any city sidewalks or other surfaces other than city streets, alleys and roadways.

Sec. 18-223. – Regulation of low speed vehicles.

Sec. 18-224. – Insurance requirements.

Any person who operates a low speed or non-highway vehicle on a street, highway, or roadway of the city shall be subject to the mandatory insurance requirements set forth in Article VI of Chapter 7 of the Illinois Vehicle Code.

Sec. 18-225. – Seatbelts required.

The operator and all passengers shall wear a seatbelt at all times during the operation of a low speed or non-highway vehicle.

Sec. 18-226. – Permit required.

- (a) No person shall operate a low speed or non-highway vehicle on the city's streets, roadways or alleys without first obtaining an annual permit from the city as provided herein. Permits for low speed vehicles shall be limited to qualified applicants only.
- (b) A permit shall be valid, unless suspended or revoked, from May 1 of the year of issuance until April 30 of the following year.
- (c) The cost of the annual permit shall be one-hundred dollars (\$100.00) for the first year and fifty dollars (\$50.00) for each subsequent year, with no prorations or refunds. Every low speed or non-highway vehicle shall be required to have a permit and such permit shall not be transferable. Notwithstanding the foregoing, the annual permit fee shall be waived for any qualified applicant.
- (d) Every application for a permit shall be made on a form supplied by the city and shall contain, at a minimum, the following information:
 - i. name and address of applicant (including the name and type of organization, as applicable);

- ii. name of insurance carrier and policy number and/or a photocopy of applicable liability insurance coverage card issued specifically for the low speed or non-highway vehicle to be operated pursuant to the permit;
 - iii. the serial number, make, model and description of the low speed or non-highway vehicle;
 - iv. a certification from the applicant that the low speed or non-highway vehicle satisfies the requirements of this article and the Illinois Vehicle Code; and
 - v. such other information as the city may require, including a release and waiver of liability signed by applicant releasing the city and its employees, and agreeing to indemnify and hold the city harmless, including the costs of defense, from any and all claims, penalties, costs, judgments, settlements or causes of action resulting or arising from the operation of applicant's low speed or non-highway vehicle on city streets.
- (e) No application shall be approved until the chief of the police department, or his or her designee, has conducted an investigation into the application, and shall have caused an inspection of the vehicle or vehicles for which permit is sought to be obtained. Following completion of the inspection and investigation, the chief or his or her designee shall report their findings to the mayor, and upon satisfactory inspection the mayor shall direct the city clerk to issue the permit. The inspection conducted by the chief or his or her designee shall be to ascertain:
- i. that the vehicle or vehicles comply with all applicable laws and regulations concerning equipment required to be installed under this article;
 - ii. the name or names of the persons who shall be the operators of the vehicles;
 - iii. that said persons possess the required driver's license;
 - iv. that the vehicle or vehicles are insured to meet or exceed the requirements of the Illinois Vehicle Code; and
 - v. that the applicant is otherwise qualified to hold a permit hereunder.
- (f) The city shall issue each permitted low speed or non-highway vehicle a numbered license plate, sticker or other identifier which shall be affixed to the rear of such vehicle. Every low speed or non-highway vehicle shall be required to have such identifier and shall not be transferable. There shall be a fee of twenty-five dollars (\$25.00) for any replacement.
- (g) The mayor may deny issuance of a permit to any applicant if:
- i. the inspection reveals that any equipment required by this article does not exist;
 - ii. the operators do not possess the required license;

- iii. the applicant or any of the proposed operators of the vehicles have previously been found to be in violation of the provisions of this article or have previously had a permit issued pursuant to this article revoked; or
- iv. the applicant would otherwise not qualify for the issuance of a permit hereunder.

Sec. 18-227. – Denial, suspension or revocation of permit; hearing.

- (a) An appeal for refusal to grant a permit must be submitted in writing to the mayor and filed in the office of the city clerk within ten (10) days following the issuance of the denial of the application by the mayor. Notice of the date and time of the hearing shall be given in writing by the mayor to the party appealing the decision at least five (5) days prior to the hearing.
- (b) For any proposed revocation or suspension of a permit issued pursuant to this article, a notice of hearing on such proposal shall be given in writing by the mayor setting forth the grounds for the proposed revocation or suspension, and the time and place of hearing. Such notice shall be sent by certified mail, return receipt requested, at the address of the applicant set forth in the application for the permit, and shall be sent at least five (5) days prior to the date set for the hearing. If, prior to the hearing, the appellant requests a continuance of the date of the hearing, the mayor may impose a suspension of the permit pending the final hearing, and the final hearing shall be rescheduled for a date not later than fourteen (14) days following the request for continuance.
- (c) Hearings shall be conducted by the mayor. At the hearing, the city attorney shall present the complaint on behalf of the city and shall offer evidence sufficient to justify the revocation or suspension, as applicable. On appeal of a denial of a permit, the appellant shall be required to produce evidence to rebut the basis for denial. The appellant in either case shall be allowed counsel and shall have the right to submit evidence and cross examine witnesses. The mayor shall preside over the hearing and shall render a written decision to the appellant within thirty (30) days following the conclusion of the hearing.
- (d) Following the written decision of the mayor, the appellant shall have the right to appeal to the ordinance and license committee of the city council. Such appeal shall be taken by filing with the city clerk a request to appeal within ten (10) days after notice of the written decision by the mayor. The committee shall thereupon set the time and place for a hearing on such appeal, and notice of such hearing shall be given to the appellant in the same manner as provided in this section. The hearing shall be held at a date not earlier than five (5) days after notice is given, and may be held at a regularly scheduled meeting of the committee. The decision of the committee on such appeal shall be final and shall constitute a final administrative ruling, subject to review under the provisions of the state administrative review law (735 ILCS 5/3-101 et. seq.).

Sec. 18-228. – Violations.

- (a) The mayor, or his or her designee, after notice and a hearing as provided for in this article, may suspend or revoke any permit granted hereunder upon determination that the holder thereof has violated any provision of this article or that the permit holder cannot safely operate a low speed or non-highway vehicle, as applicable, on city streets.
- (b) In addition to suspension or revocation of the permit issued hereunder, any person found to be in violation of the provisions of this article shall be guilty of a Class B violation as provided in section 1-41.

SECTION 3: In all other respects, Chapter 18 of the Rock Falls Municipal Code shall remain in full force and effect.
