Chairman Turnroth stated due to lack of quorum, this public hearing will remain tabled until next month's regularly scheduled meeting on June 12th. Members agreed.

Chairman Turnroth questioned the publication notice requirement and certified mailings requirement for June 12th meeting. It was mentioned that due to the commission's lack of quorum, the city attorney will be contacted for further direction for these mailings. The petitioner will not be responsible for these requirements at this time.

There being no further business, the meeting was closed at 7:05pm.
