Web Site Update:

GREAT NEWS! We are pleased to announce that our application for a Business Interruption Grant (BIG) was successful and we received a \$5,000.00 grant that will be used for website maintenance & technology upgrades to visitnorthestillinois.com. This is great news because due to the severe cutbacks in our state funding for this fiscal year, this was one area that we had to cut from our budget. We recognize that keeping our website updated and current is very important as we extend our reach and promote our region as a tourism destination. Receiving this grant is a very bright spot in what has been a rather bleak year!

Advertising, Promotion & Public Relations:

- **Blog:** On December 8th our blogger, Brienna, posted an article on Big Miniature Farm (located in Mt Carroll) and on social media it had a reach of 2,656 and 304 engagements. On Jan 5th she posted a blog on Rooted Boutique (located in Fulton) and that blog has a reach of 4,806 and 547 engagements.
- **BWCVB Social Media:** In the last month we posted 20 times on FB and 18 times on Instagram. As of this morning our analytics show our page likes are up 106% over the previous month and our post reach is up 9%.

Other Updates:

- **2021 Visitor Guide** - We are in the process of the final proofing of our 2021 Visitor Guide and hope to have it sent to the printer by next Monday with delivery by the 2nd week of February. We appreciate Rock Falls purchasing a full-page ad in the Guide since due to the state and local cutbacks, the ad revenue has to cover the costs of producing the Visitor Guide. Thank you!
- **Illinois Made recognition** - January 7th we held an in-person but socially distant presentation of the official Illinois Made designation plaque at the Kennay Farms Distillery. This event was attended by the press and various officials from Rochelle. We are scheduled to do a similar presentation at the Village Bakery in Oregon on the 14th. These 2 businesses now join more than 175 small businesses that are part of the Illinois Made Program which started in 2016.
