

# Tuition-FREE Lead-Safe RENOVATOR Training for Freeport Area Residents, Painters, School Maintenance & other Trade Workers

## Local Code Officials—Health Begins at Home!

Help mobilize and educate for childhood lead-poisoning prevention in Freeport-area communities.

How? ANYONE doing renovation or repair work in pre-1978 homes, schools or day-care centers MUST COMPLETE

## EPA Lead Renovation, Repair, and Painting (RRP) Training

When? Tuesday July 31, 2018  
8:00 am – 4:00 pm includes presentation of modules, hands on-exercises and exam

Where? Freeport Public Library  
100 E. Douglas Street  
Freeport, IL 61032

**REGISTER at Public Health & Safety, Inc.**  
**(312) 491-0081**

### Who?

- Lead-based paint renovation training for residents or service providers in Freeport, particularly:
  - Building Code Enforcement Officials, School maintenance staff and contractors
  - Youth Build trainees or union apprentices, profit or non-profit training programs
  - Renovators, painters, window installers, housing maintenance staff, electricians, HVAC specialists, plumbers, floor finishers, as well as landlords performing any of same tasks
- Any worker who removes windows or disrupts more than 6 square feet of paint in pre-1978 homes, schools, daycare centers, even if vacant, must be in compliance with work practices and recordkeeping.

### Why?

- Educate renovators, housing maintenance workers, local construction code officials on reasons for RRP
- It is the Law--without training; workers and firms face fines up to \$37,500 per day.
- Protect yourself, your workers, customers, and your own children from health risks with consequences.
- Invisible lead dust on children's hands can lead to irreversible brain damage.
- Attract new customers on EPA website through your required **Lead-Safe Certified Renovation Firm**.

FREE if you qualify! Limited number of 25 free spots per EPA grant

**Qualifications:** Must work or live near Freeport, be at least 18 years of age, and be available for whole day. Must understand and read English, and be able to show State photo ID for proof of residence per EPA rule.

Training sponsored by U.S. Environmental Protection Agency, Region 5 Chicago.
