Rock Falls Fire Department

Annual Report for 2019

Summary

It was a record year for the department. We greatly appreciate the support of the City Administration and City Council. We have attached year end reports

Twin City Joint Fire Command:

The Joint Fire Command System continues to work very well serving both Cities and Rural Fire Protection Districts. We are constantly working towards making the system service delivery more efficient for all areas served. We conduct monthly staff meetings with Company Officers, during this time all Command Officers attend sharing information that benefits both departments, which during incidents we function as one. The Joint Officers also meet quarterly with the Command staff of Dixon City, Dixon Rural Fire, CGH EMS & Advance EMS departments, one result of this all four departments share the cost of Code reference materials, a huge savings for all.

Fire Operations:

We responded to 1138 calls for service. The demand for service continues to increase. In conjunction with the Water Department, all 3 shifts conducted hydrant water flow tests in a section of the City. The hydrant system is broken into 4 areas, each has a current flow test no older than 5 years in which is a National Fire Protection Association requirement. The flow tests identify any problem areas and that of what supply is available for use in the event of a fire. The bonnets of the hydrants are then color coded to indicate the flow available. Developers also request this information.

Training:

The career members train on a daily basis along with training provided for our paid on call members throughout the year. The State Fire Marshal training requirements are going to increase beginning 2019 requiring in-service training hours to maintain your certifications. All shifts conduct walk through tours of many commercial facilities in both communities, thus allowing us to be more

familiar in the event of a service call. Emergency Medical Training is jointly attended by both departments on a monthly basis on topics that are approved by the Illinois Department of Public Health. The training hours are required for everyone to maintain their Emergency Medical Technician License. We had our newest fire fighter resign, thus have a replacement enrolled in the Rockford Fire Academy.

Fire Prevention Inspections:

On duty members continue to inspect all commercial facilities on an annual basis following the 2015 International Fire Code, the 2000 Life Safety Code (adopted by the Illinois State Fire Marshal). January 1st, 2018 Whiteside County also adopted the International Building and Fire Code. All change of occupancy and new construction inspections are conducted by the Deputy Chief coordinating with the Building Department. Our goal is to prevent the fire before it happens, protecting tax base and jobs. We also inspect all schools both public and private in conjunction with the Regional Office of Education in both communities. The State Fire Marshal has upgraded to the 2015 Life Safety Code effective Jan 1, 2020.

Public Education:

We provide numerous activities being Fire Station tours, fire extinguisher training at schools, nursing homes and industry and other fire prevention topics as requested. This year we executed the Smoke Detector installation program sponsored by the Illinois Fire Safety Alliance & IL State Fire Marshal, very have seen a very active response, as we continue to have a backlog of installation requests we are currently working through.

Apparatus & Maintenance:

We have a scheduled preventative maintenance program for the apparatus and other engine driven small equipment. Along with that we have a scheduled inspection program for all other equipment to ensure all is ready to respond. In December we were able to order a new engine with a delivery date of 7-11 months to replace Engine 40 which is 40 years old. The annual Aerial inspection of Engine 50 had a few issues identified, where we have had to take it to a certified repair facility. We were able to sell Squad 49 & 51, with the

Foreign Fire Board purchasing a new Crew cab 4x4 pickup truck through HGAC buying cooperative, delivery expected early 2020.

Grants:

Nelson Energy Plant provided us with funds to replace all the scene lights on Engine 41 to LEDs, thus improving the safety on the night scenes where lighting is required. The Rural Fire Protection District purchased an entire set of battery operated extrication equipment to be placed on the New engine.

Foreign Fire Insurance Board:

The board consists of 7 members that are elected on an annual basis to administer the "2%" fire insurance premiums collected by the Illinois Municipal League (by State Statute). These funds are used to purchase \$10,000.00 + of equipment for the department.

Our goal is to serve the entire community the very best of our ability.

Gary F Cook

Chief

Twin City Joint Fire Command
